CARD TO GROWERS OF BURLEY TOBACCO

General Meeting Will Be Held in Lexington on Jan. 5, and Delegates From Counties Will Attend.

"To the Tobacco Growers of Kentucky, West Virginia, Ohio, Indiana and Missouri:

"A meeting of tobacco growers who have not been affiliating with the Burley Tobacco society, held at Lexington, Ky., Dec. 19, 1910, declared for an independent organization of growers for the purpose of securing fair prices for their tobacco.

"At this meeting it was determined to call a more general meeting to be held at Lexington Jan. 5, 1911, at 1 o'clock p. m., and the growers who have hitherto remained out of the pool, are hereby called to meet at their respective county seats on Friday, Dec. 30, 1910, at 1 o'clock p. m., for the purpose of selecting delegates to attend the meeting in Lexington Jan. 5, 1911, to form a permanent organization of the heretofore independent tobacco growers of the Burley district.

Said county meetings are hereby requested and urged to instruct their delegates as to what action they shall take at the Lexington convention of

Jan. 5, 1911."

The call is signed by Judge B. F. Hill of Henry county, chairman; M. H. Froman of Carroll county, and Hon. June W. Gayle of Owen county.

All growers who are willing to pool or cut out their 1911 crop, as may be decided upon, are invited to attend and participate in these county meetings.

FREE TICKETS TO AUDITORIUM

Are To Be Distributed to Children of the City, in Addition to the Christmas Presents.

Bloomfield & Ratliff, managers of the Winchester Auditorium, have sent to Miss Sue Peddicord, secretary of the Associated Charities, tickets for all of the poor children and their mothers, to whom the Santa Claus committee will send Christmas, for the moving picture show on Tuesday, Dec. 27. These tickets will be distributed at the same time that the Santa Claus committee sends out its packages on Saturday afternoon and all holding such tickets will be admitted free at the Auditorium on Tuesday afternoon.

This is a most generous act on the part of Messrs. Bloomfield & Ratliff and is highly appreciated, not only by the Associated Charities, but the little ones, who will thus possibly have an opportunity of seeing a picture show for the first time in their lives.

The people of the town are certainly trying to arrange a happy Christmas this year for the poor.

SANTA CLAUS HAS ARRIVED

Associated Charities Committee Is Preparing to Assist Him to Please the Children.

Santa Claus has arrived at the Associated Charities' room, and it would do anyone's heart good to go there and see the preparations which are being made for the little folks of the city—candies, nuts, oranges, apples, bananas, toys and all kinds of Christmas goodies.

The committee had a long table placed in the room and the packages are being arranged so that they can be sent out to the homes on Saturday afternoon, and thus enable the mothers to have the little ones hang up their stockings Saturday night when, instead of waking up Sunday morning with the stockings empty, old Santa will have arrived and filled them to overflowing with all the goodies that can be found anywhere.

All who are interested in this Christmas work are cordially invited to come to the Associated Charities' room on Saturday to see the manner in which the committee handles this large distribution. There will be over 180 children supplied, and the distribution will go off just like clock-work.

The finance committee reports that money is coming in very slowly, but the purchasing committee is not standing back on this, as they feel confident that the good people of this city will supply the money, and that the lack of funds will simply be a delay of a few days. They know that he people will furnish the money and they are determined that the children shall have Santa Claus.

This method of distributing Santa Claus presents will give more genuine pleasure on Christmas morning than the thousands of dollars which will be spent in the homes of the rich.

AUDITORIUM.

Two splendid pictures will be shown at the Auditorium Wednesday. Selig presents Hal Reid in one of the great sensational dramas, entitled, "Human Hearts," which is well known from coast to coast. Biograph will furnish a good comedy picture, entitled, "When We're in Our Teens." Mr. Dakin will be heard in a new song.

IS ACQUITTED.

Fred Chambers, who was tried in the Clark circuit court Wednesday morning on a charge of seduction, was acquitted by the jury that tried the case.

BEAUTIFUL LITTLE CHRISTMAS POEM

Makes Deep Impression on Readers, and Is Reproduced on Cards. Demand Is Great.

There have been so many favorable comments on "The Little Window Wishers," which the Santa Claus committee of the Associated Charities had published in the paper this week that they decided to have the little poem published on a card. The poem has now been printed on one thousand cards, and every home in the city should have one.

The demand has been so great that they may have to duplicate the order, but all who wish one of these cards can as long as they last obtain same by calling on Miss Sue Peddicord, secretary of the Associated Charities, in the Fraternity building.

WHISKEY RATE WAR ATTRACTS ATTENTION

M. Gulfoile, of Paris, and Rev. Johnson, of London, Lay in a Large Supply.

The whisky rate war in Winchester is attracting attention in adjoining counties and as far south as London.

Mr. M. Gulfoile, of Paris, came here for the purpose of laying in a supply, but could not wait until he got out of the city to drink it, and Officer Boone found him in such a condition that it was necessary for him to find lodging at the Mullins house. Ross Johnson, of London, laid in a large supply when he got to the depot he sampled one of the quarts and before he knew it Officer Strode had him on his way to the Mullins house. Wednesday morning Judge P. P. Pendleton assessed Johnson with a fine of \$10, which he readily paid, and went back to his home on the 10 o'clock L. & N. train with enough to enjoy a good Christmas.

ALL TRAFFIC IS BLOCKADED

Three Thousand Persons Are Imprisoned in the Tubes Under the Hudson.

NEW YORK, Dec. 21.—Three thousand persons were imprisoned in the tubes under the Hudson river and 60,000 more were held at the Jersey stations when the electric current in the Hudson river was cut off during the rush hour Monday morning. Fire in the Jersey City power house put the boilers out of commission and the dynamos stopped just when the demands on the power plant were the greatest. As a result 100,000 commuters were obliged to turn to the ferries, which were crowded to their capacity.

When it was found that the dynamos could not be put into operation for several hours guards were sent out to the terminals and trolley transfer points to warn incoming crowds of the tie-up and tell them to take the ferries, and word was telephoned to the outlying stations on both sides of the river to admit no more passengers. It was nearly 9:30 before service was resumed.

CIRCUIT COURT.

The Clark circuit court was in session again Wednesday morning. The first case to be called was that of the Commonwealth vs. Fred Chambers, on a charge of seduction. This consumed the entire morning.

MISS COUZINS TAKES OFFENSE

At Words of Cramman Lloyd, Who Said She Was "Aged and Infirm."

WASHINGTON, Dec. 21.—Democrats may batter politicians of the old line; they may revise the tariff upward, downward or sideways, but they cannot walk with impunity upon the rights of Miss Phoebe Couzins. Because Chairman Lloyd of the Democratic congressional committee, it is claimed, failed to pay Miss Couzins for political services—and, worst of all, because in declining her aid he explained that she was "aged and infirm"—she says she is going to sue him for unreasoned thousand dollars as soon as congress adjourns.

She would bring proceedings sooner, but for a constitutional provision by which congressmen in Washington are made exempt from service while attending to their public duties. Dr. Couzins (she is an LL. D. as well as one of the country's foremost women politicians) said Monday night:

"I will see Mr. Lloyd during the session of congress and find out what he intends to do. If he declines to compensate me for my trouble in preparing for the campaign last fall I will sue for several thousand dollars. He says I am aged and infirm. I think

I am still able to convince him that I can go on the warpath.

"Yes, warpath!" she repeated. "Do you think any man can hire me to make speeches and then break his contract by simply saying I am aged and infirm?"

"That is what comes of changing politics," she added. "Until recently I was an insurgent Republican, as my father was before me. Recently the tariff caused me to become a Democrat."

MOUTH OF FOUR-MILE.

A Natural Presumption.

When Edna's mother wished the little girl many happy returns of the day on the morning of her fifth birthday, the child said thoughtfully: "I'm five years old today and now, I 'spose I'll just keep on being five and five and five every day, till I'm six."

TO MAIL SUBSCRIBERS

The first of the new year is approaching and every merchant needs money. The News is no exception to the rule. It has a large amount of money due on the rural routes and by mail. Every subscriber that is delinquent will find the date to which he has paid up on the margin of the paper. It is hard for this office to reach you; but it is mighty easy for you to drop in while in town on a Saturday or some other day and give us a few dollars. Kindly remember your subscription the first time you are in Winchester. Don't out it off.

After the first of the year The News will be compelled to cut off all subscribers who are in arrears three months. This is not because we are not willing to trust you, but because of the postoffice department. Under the rulings no daily paper can be sent through the mails at the regular rates to any person who is back three months in his subscription. We know you do not want to stop the paper, therefore aid us all you can and help our pocket also by coming in right away and paying up.

Miss Mamie Carroll, of the county, is visiting in Winchester.

Mrs. J. N. Powell and daughter, Miss Marietta, have returned from a visit in Lexington.

Miss Fannie Curry, teacher, will have a Christmas tree and entertainment at the Flynn school house on Friday afternoon.

MARKETS

CHICAGO, Dec. 20.—Wheat: No one expects anything but a narrow market unless bull leaders who have enormous lines showing big losses decide to either reduce their holdings or do enough additional buying to force the shorts to cover on a temporary advance. It is not likely there will be any effort to sell any part of the line at this time, as the market will not take it unless there is a large decrease in the European supply. The news for the day probably will be moderately bearish, as noted yesterday. The primary movement is heavy. The milling demand is slack. The situation is heavy except as relieved by confirmation of adverse crop conditions caused by drought.

Corn—An active local leader in corn covered a line of nearly a million bushels yesterday just when the news was most bearish. This is the explanation given for only a fractional break in futures while the cash market was off one cent and an enormous estimate of 940 cars. Leaving all other features out of the calculation the fact that Iowa and Illinois together have about 100,000,000 bushels of corn more than last year is a decided bear argument, because the bulk of corn for this market comes from these states. The fact remains that futures remain decidedly stubborn and it may be they are getting support from the people who are obliged to hold the market at its present level. For the present we would limit selling orders to the swells.

BRANCHES IN ALL THE PRINCIPAL CITIES

RECIPROCITY.

One of the greatest statesmen that
our country has produced was Jas.
G. Blaine. He missed being President
by a narrow margin and then only
by the fool remarks of a
preacher at a banquet in New York
just before his election in 1884, and
if he had been nominated in 1892 he
would have been elected. It was Mr.
Blaine who conceived the idea of re-
ciprocity with our neighboring coun-
tries. Since the death of Mr. Blaine
but little has been done in the way
of reciprocity.

The country with which we are
most closely related is the Dominion
of Canada. We want closer relations
with Canada and the feeling of the
Canadians is shown by the following,
taken from an exchange:

"One thousand well-to-do, sturdy
Canadian farmers from the far west-
ern portion of the Dominion throughed
the house of commons in Ottawa on
Friday last, demanding freer trade
with the United States.

"Their demand was emphasized as
regards the abolition of duties upon
agricultural implements and ma-
chinery.

"To comply with their request
means less revenue from various
sources to the Canadian government,
but it means more successful and
more profitable farming and more ex-
tended area of tilled lands.

"It means more food produced for
the world outside of the borders of
the Dominion and increased foreign
trade and more flourishing conditions
at home to the Dominion's inhabi-
tants.

"To the United States, where so
many manufacturing establishments,
employing hundreds of thousands of
persons, are engaged in outputting
implements and machinery, compli-
ance with the demands of the Cana-
dian farmers by the government would
mean larger outputs, larger sales and
the employment of increased forces
of workmen.

"In the reply of the Premier, Sir
Wilfred Laurier, to the petition of the
farmers he very aptly said it would
not be advisable for the Dominion
parliament to attempt to legislate
upon the subject at this time while
negotiations are pending with the
United States as to reciprocal tariff
arrangements.

"With New England and the eastern
portion of the United States call-
ing for freer trade with Canada, and
the western part of Canada calling
for freer trade with us, it should not
be a question as to the result being
a letting down of the tariff barriers
placed by both countries.

"The United States and Canada

should enter into the freest and most
reciprocal relations as to trade be-

NO INTEREST HERE.

Interviews Wednesday with tobac-
co growers of this county show that
no interest is taken in the movement
inaugurated at Lexington to pool the
tobacco crop. Their experience with
the Burley society has made them
suspicious and we doubt if any kind
of a pool can be formed in Clark
county.

It is a matter of common
knowledge that the delegates from
Louisville to any kind of a political
convention may be convinced by the
right kind of an argument.

The politicians of the Eastern
states are consistent, whether they
be Democrats or Republicans. They
want free trade on raw material, but
are strong for protection on the goods
that they manufacture.

The shortest days of the year are
the coldest, and the longest days are
the warmest, and yet no political con-
vention so far has adopted a resolu-
tion to change these conditions.

LOVERS KILLED ON RAILROAD TRACK

Graduates of Deaf Mute College Embrace Each Other at Station and Fail to Hear Whistle.

JANESVILLE, Wis., Dec. 21.—While two lovers, deaf and dumb, embraced madly on a railroad track here Monday night they were run down by a fast passenger train, which instantly killed the girl, Rose Lee, of this city, and fatally wounded her lover, Roy Tunison, of Rockford, Ill., who had come to Janesville for a Sunday call.

He was about to take an interurban electric for home, and when the two were saying their farewell the train rushed upon them, and they did not hear the whistle, owing to their affliction. The girl was thrown 60 feet and was dead when picked up. The man suffered a fracture of the skull and both legs were broken. He cannot recover, the doctors say. The two students together at the state school here for the deaf, graduating last June.

Candlesticks.

If you must use a candle in a hurry and cannot find a candlestick, try putting the candle into the neck of an empty bottle. If you can get one to fit approximately, it will serve quite as well. A little shaving with a pen-knife or melting with a match will fit the candle into a bottle a bit too small for it.

Bread and Butter for Babies. There is no place in which bread and butter can be so beneficial or poisonous as in the nursery. The worst thing you can give a young baby under a year old is bread. But, later on, bread becomes useful. It should never be given new to a child at any age, but stale bread or toast, or bread baked crisp is excellent for children. We really want more crisp foods now a days, and if this fact was taken to heart the next generation would suffer less from decayed teeth and weak digestion.

Rare Opportunity

DON'T LIKE THE LAW.

If the new law providing that the regular circuit judges shall act as special judges operates everywhere like it has in Pulaski county it is a farce and a failure.

The first special judge appointed to hold a term had two weeks' business and spent one week, and without notifying the attorneys or litigants never returned to close the court, and let jurors, litigants and witnesses return the next week at an enormous expense, but never showed up again. He might have some excuse, as he was chairman of the Democratic committee, and the court he was to hold was just before the election.

The second instance was a special term called for last Monday, and while the jury, witnesses and parties were here for business, no judge showed up until Wednesday morning.

It seems that the additional \$1200 added to the judge's salary is doing the citizens no good. Had we not better return to the old system of the members of the bar electing a special judge? We can get just as good service at less expense.—Somerset Republican.

Attractive Surprise.

About one hundred members of the Central Baptist church, surprised their genial pastor, Rev. Geo. W. Shepherd, and Mrs. Shepherd, with "pantry shower" on Tuesday evening at their home on South Main street. Each guest brought some substantial accessory to the pantry supplies, and when all had arrived and been relieved of their packages the large dining table was fairly weighted with the splendid array of good things. Among the offerings were turkeys, old hams, chickens, cakes, sausage, lard,

potatoes, butter, flour and three immense baskets of luscious fruits, and many other wholesome and delicious edibles.

Rev. and Mrs. Shepherd, after a moment of speechless surprise, gracefully rallied to the occasion, expressing their appreciation for this manifestation of love and esteem, and entertained their guests in a charming manner.

SANTA'S DILEMMA

Old Santa Claus had come to town,

And he was feeling blue;

His stock of gifts was very small,

He knew not what to do.

He called his counselors to him

And told them all his woe:

"This tariff has sent prices up

To heights I cannot go,

And unless something is done soon

To help me in this row

The people here will have small use

For me a year from now."

His counselors all shook their heads:

They had no word to say:

This was the hardest nut to crack

They'd had in many a day.

They'd had in manly and looked full grim

But each one passed it by.

And Santa Claus in dark despair

Heaved forth a mighty sigh.

At last a stranger near the door

Advanced and bowed full low

And said, "If I may be so bold

I may assuage your woe.

I know the place where you may find

The very things you need.

So if you wish your troubles done

The thing required is speed."

Old Santa Claus, he smiled full broad,

This news was good to him;

His counselors danced round the room,

They showed surprising vim.

The stranger led them through the street;

But uttered no word more.

They came and saw. They're happy now

LEAVES FORTUNE TO GRAND-DAUGHTER

Roberta De Janon, Who Eloped to Chicago With a Waiter, Is Beneficiary in Will.

PHILADELPHIA, Dec. 21.—By the terms of the will of the late Robert Buist, wealthy seedsmen, Roberta B. De Janon, his grandchild, who disappeared with a hotel waiter last December and was found in Chicago, is given in trust the bulk of his estate, which is valued at about \$500,000.

After giving \$5000 to Mrs. George Bedford, his sister, and making several other small bequests, the will

provides that the residue be held for Miss De Janon, and that she be given the net income for life.

"My purpose," the will states, "being to benefit and reward S. C. Stable, Edward J. Flood and Albert C. Coeberger, who have been my faithful employees for many years, and other than whom there is no one I would prefer to benefit in the event of my granddaughter dying without lawful issue." He directs that in such a case the estate goes to his firm.

Miss De Janon, it is understood, is in California.

PRETTY LITTLE MANICURE GIRL

Becomes Bride of Thomas H. Wells, Son of Former Steel Man, Who Has Come Into Large Fortune.

PITTSBURG, Dec. 21.—That Stacia Walsh, one of the prettiest little manicure girls Pittsburgh ever knew, but more recently of the Hotel Cadillac, in New York, eloped to Hoboken, N. J., on the night of Dec. 5 with Thomas H. Wells, broker, of that city, is information which has been given out in Pittsburgh by Mr. and Mrs. Wells in passing through from their former home in Youngstown, O., which they visited on their honeymoon.

Mr. Wells is only 22 years old, his bride but 21, and their story of courtship reads like a romance. Wells is the son of a former steel man in Youngstown and has only recently come into a large fortune left by his father, who died some years ago. The fortune borders near the million-dollar mark. Wells and the Walsh girl were schoolchildren and child sweethearts together in Youngstown, but while Wells was in college the young girl, whose parents were poor, started out to make her own way in the world.

Some months since Wells, who had gone to New York, met his old love while walking through the Hotel Cadillac. Then they married.
